HISTORIC ENVIRONMENT RECORD
DEVONSHIRE (including DARTMOOR)

Summary of sources

The Devonshire HER once covered the entire county but in recent years the national parks of Exmoor and Dartmoor, together with unitary authorities of Torbay, Plymouth and Exeter City Council, have all established independent HERs, building on the original Devon material. At the time of compiling the Framework Resource Assessment, the Dartmoor HER did not have an HER officer in post so Dartmoor material is integrated below. Separate searches are being undertaken for the other unitary authorities and Exmoor. Although much of the material below is recorded by the HER, the following list of references has been supplemented by several additional sources.

Abbreviations, contacts and online resources
CHES = Cornwall Historic Environment Service (formerly CAU)  http://www.cornwall.gov.uk/default.aspx?page=2986
